Member Spotlight: Gloria Batts

Gloria Devers Batts is a life long member of MCC. She is chair of the Worship committee, chair of a pastoral care committee, deacon, and sings in the choir. Her parents, Richard Devers of Cynthiana and Mary Devers of Frankfort, along with her grandparents, Van and Lucille Johnson, introduced her to MCC at a very young age. She grew up in Midway with Barbara Columbia and Gretchen Portwood as her childhood best friends. They were all baptized on Easter Sunday along with other MCC notables Marlin Mitchell, Johnny McDaniel, and Paul Noel.

Gloria has many fond memories of Sunday School and Bible School with great role models like Lois Redden, Louise McKinney, Francis Leer, Betty Ann Voigt, and Gloria's mother, Mary, as teachers. She was a regular attendee at "Circle Meetings", accompanying her mother/grandmother. Camp WaKon' DaHo left a lasting impression on her faith journey. Christmas pageants and CYF led by Ruth Roach will never be forgotten. No Christmas Eve service goes by without remembering Aunt Doris House, singing "Jesu Bamino" with Jewell Dean Phillips at the organ.

Gloria is married to Dr. James Batts, her high school sweetheart. In 2005, they both retired from their teaching professions. Gloria taught for 33 years at elementary schools in Woodford Co. Jim taught at ECU and continues to teach part time at UK. They have one son, John, daughter-in-law, Cindy, and two grandchildren, Jordan and James Thomas (J.T.) whom they adore. Gloria is grateful her retirement has given her the gift of time to be with family and friends, to take on more responsibilities at church, and to volunteer.

Church News and Notes

Pastoral Word:

I was thinking the other day about how much Midway Christian Church has accomplished in three years. We have struggled with our calling as God's people and discerned that God was calling us to be a welcoming community of faith in all that we do. We continue to live out our faith in authentic ways and we are always open to where God may call us in the future.

As my thoughts were circling around how much Midway Christian Church has accomplished, I have to admit that I was also thinking about how much we need to accomplish to live out this vision and mission of WELCOME that God has laid upon our hearts. We continue to struggle to develop a new church structure that will free us up to do God's ministry. We have an outline in place and we have committed ourselves to a six month trial period, but a lot of unknowns. And one of my biggest frustrations is that I don't have any answers to your questions. I have to admit that I don't like giving the answer: "I don't know" when someone asks about the new structure. It is completely frustrating for me because I am a type A personality. I like to know all the details. I like to know how we are going to get there. I like having a back up plan. And I have to admit that I am in totally new territory as we live out this new structure during our six month trial basis.

So it is interesting that I found myself, being urged by something, maybe the Holy Spirit, to go back and listen again to the Exodus story, to re-read a newsletter article that I did when we first started this process, and to hear once again God's word for us as a congregation.

"For the last few months, the journey that Moses took as a leader has been laying heavy on my heart and has given me strength for the upcoming journey of transformation that awaits our church family. The part of the story that has become part of my prayer life is that moment right after they crossed the Red Sea. Before that moment, all the people of Israel could think of was death and destruction. They just knew that the Pharaoh's army would capture them and send them back to slavery or worse, kill them. In that moment, death seemed to loom large for the Israelite people. And then a miracle happened. Moses parted the Red Sea under the guiding arm of God...There was joy and happiness after crossing the Red Sea for the Israelite people but there were also questions. Where was Moses leading them? Where would their next meal come from? Who was in charge? Did anyone know what was going on? Everything was new and everything was in limbo.

For the next forty years, Moses, along with other leaders, figured out how to be the Israelite people. They came up with structures for worship. They developed laws that would guide their lives. They came up with structures that would eventually define who they were as a nation. It took them forty years but they figured it out.

It is this moment that resonates with me at this point in our faith journey together. It think this is where we are right now as a church. We have crossed the Red Sea and now have to go about the business of figuring out how to be the Church in today's society. We as a church have been given and have embraced a vision and mission that was laid upon our hearts by God. And now we have to figure out how we are going to live out that mission and vision....

We must remember that Israel didn't reach the Promised Land quickly. It took them forty years of wondering before they made it. And I am sure that on their journey, they did a lot of self-reflection, a lot of learning about who they were, and who they wanted to be as God's people. We must also remember that they had some rocky points along the journey.

We must also remember that God was there to guide them as a cloud by day and as a pillar of fire by night. God provided food from heaven each morning and meat each night. God watched over them on their journey. God provided for them on their journey. And God lead them to the Promised Land."

These are words that I needed to hear again. God is guiding us even now. God is walking with us as we struggle to live out this new structure. God is providing us with opportunities to "tweak" this structure as we go along. God is there pushing us, guiding us, leading us, and help us discern how this new structure will and can free us up to do the ministry of God's Kingdom.

Community News and Notes

The Midway Branch of the Woodford County Library

The final touches are being made on the beautiful new Midway Branch of the Woodford County Library. BCD, Inc. the general contractor is busy working on the interior of the building and as soon as there is a break in the weather the landscaping will be put in place. The furniture and fixtures for the building are scheduled to begin arriving in mid to late April. Michelle Guilette from Interior Solutions Group and Amanda Flynn from Only Libraries, Ltd. have put together a warm and inviting interior design for the new library.

The Midway Branch has become a reality thanks to the hard work and dedication of many individuals and organizations involved in the project. The Board of Directors of the Woodford County Library District moved seamlessly from opening the new library in Versailles to searching for land in Midway to build a branch. Through the generosity of the Midway City Council a very special piece of land was gifted to the Library District. The empty lot located at 400 Northside Drive proved to be the ideal spot for the new library. The location provides easy access to Northside Elementary, Northridge Estates and downtown Midway. The branch is within walking distance to most of the city and easily accessed by bicycle or car. The Woodford County Board of Education was also very supportive of the project by allowing an easement so that the water and sewer lines for the new building could be connected. The Midway Free Public Library has generously donated its existing book collection to the new branch. The library staff will start moving the books and computers into the building in mid-May in preparation for opening day.

The much anticipated grand opening for the Midway Branch has been scheduled for Saturday, May 30th. The day will be filled with music, food and celebration. The library that was once a dream has become a reality. Please mark your calendar, and join us in celebration!
