A Pastoral Word

There is a saying that says things slow down after Easter but I don't think that is holding true for us this year! We have some exciting worship opportunities coming up in April and May! Our first special service will be on Sunday, April 21st. We will be celebrating Earth Day and reminding ourselves that when God gave us dominion over the earth, God didn't say we could do whatever we wanted to God's creation. God called us to take care of creation and respect the delicate balance of the web of life. We will retell the story of God's creation and rediscover our place as caretakers of this beautiful place we call Earth.

Another special service that we will be having in the month of April is on Sunday, April 28th. We will have a service of music with our special guests, the Midway Community Children's Choir! We decided to have this special worship service so that the congregation of Midway Christian could experience the amazing blessings that can happen when we open ourselves to the many ways that God's Spirit moves among us. It is amazing to think that just a year ago, this choir was a dream, was just a wish on a piece of paper. And now--there are 20 kids singing in this community choir! And there are adults just waiting for the adult community choir to begin!

Looking back, it seems like such an obvious connection. Music has always been an essential part of our life together as Midway Christian Church. It is in our very DNA! We as people of faith understand how music can lift us up to the highest heights of praise and how it can also wrap us in the sweet arms of comfort and peace. Music adds so much to our worship each Sunday. And because of all this, we as a church know that it was a God given vision that inspired us as a church to reach out in a new and life-affirming way, to reach out through music. It is amazing to see the vision come to life, thanks to all of this church's prayers, hard work and dedication. Together, we took a leap of faith and now-we can't keep from singing the good news!

Are You Interested in Baptism?

If so, please let Heather know. She is working on setting up a time for Pastor's Class.

Disciples of Christ practice believer's baptism and offer it for all those who feel that they are ready to make that covenant of faith.

Thank You from the Burnie Wall Family

Dear Midway Christian Church Family,

I want to thank each of you for the kindness that you showed my grandfather over the years. From being there to support him in his times of loss, in times of celebration, bringing him food and giving him rides to church. And for visiting him, praying and offering hope to him daily. He always knew he had the care and support of his church family.

Also, we want to say thank you for the nice lunch. It was a wonderful gesture and a nice way to celebrate Granddaddy with friends and family.

We know Granddaddy's spirit is there and always will be. I'm very thankful he was able to see and celebrate the new building additions each time you use one of these. I hope that you will be inspired to continue God's work just as he would have.

Sincerely - Ashley Wall DeFavero, on behalf of the Burnie Wall Family

Green Chalice News

The Alverna Covenant

As part of the recognition and celebration of Earth Day, Midway Christian Church will be re-affirming our commitment as a Green Chalice Congregation. This designation was given to our congregation on January 31, 2012, after we met several criteria for green practices and pledged to continue supporting the health of God's Creation.

The Alverna Covenant is a foundation of Green Chalice which was first introduced to the Christian Church (Disciples of Christ) at the 1981 General Assembly. The Covenant was written by members of the Task Force on Christian Lifestyle and Ecology of the Christian Church (Disciples of Christ) while meeting at the Alverna Retreat Center, a Franciscan retreat in Indianapolis, IN. Alverna is named for Mt. Alverna in Italy, the mountain retreat given to Francis of Assisi who is honored for his concern for the care of and relatedness to all Creation.

The Alverna Covenant

Whereas:

God has created the world with finite resources;

God has given to us the stewardship of the earth;

God has established order through many natural cycles;

And it is evident that:

We are consuming resources at a rate that cannot be maintained;

We are interrupting many natural cycles;

We are irresponsibly modifying the environment through consumption and pollution;

We are populating the earth at a rate that cannot be maintained;

As a member of the human family and a follower of Jesus Christ, I hereby covenant that:

I will change my lifestyle to reduce my contribution to pollution;

I will support recycling efforts

I will search for sustainable lifestyles;

I will work for public policies which lead to a just and sustainable society;

I will share these concerns with others and urge them to make this covenant.

Ours is not the task of fixing the entire world at once, but of stretching out to mend the part of the world that is within our reach.

- Clarissa Pinkola Estes

Food and Faith: A One-Day Retreat

Saturday, April 13; 8:30a-2:30p - First Christian Church in Frankfort

We will look in depth at the connections of our daily bread to our faith life and spiritual beliefs. It's a privilege and gift to be able to stop, consider and reflect on the food we eat. Food is so integral to our well-being that it is something we take for granted. And yet, it is so integral to our well-being, that it is sacred. In this mini-retreat, we will take the time to consider our relationship with God as it relates to food. What we eat is part of God's creation and how we eat affects all of God's creation: ourselves, each other, animals, plants and the environment.

Mission 4/1 Earth

On Easter Monday, April 1, 2013, and continuing through the great 50 days of Eastertide, the United Church of Christ invites the Christian Church (Disciples of Christ) along with colleges, seminaries, outdoor ministries, and health and human service agencies to join in a shared mission campaign to:

- Collectively offer more than ONE MILLION HOURS of engaged earth care, including clean up, advocacy, education, and behavioral changes that will care for God's creation.
- Collectively plant more than 100,000 TREES locally and globally.
- Collectively write and send more than 100,000 ADVOCACY LETTERS on environmental concerns to elected officials and local and national newspapers.

Mission 4/1 Earth links four significant events - Easter (March 31), Earth Day (April 22), Arbor Day (April 26) and Pentecost (May 19) - for a sustained, aggressive and collective mission season.

Christians are encouraged to engage in creative local mission projects, service opportunities, educational programs, worship services, and media events.

Mission News and Notes

From the Trustees: Use of Endowment Fund - Proposal Deadline

Midway Christian is very fortunate to have an Endowment Fund which was established in August of 2007 through the generous gift from Dorothy Gordon. As stated in the Endowment Fund Policy, the primary purpose of the Fund is "to expand the witness and mission of Jesus Christ, serving human needs in our community and around the world." In keeping with this purpose, the policy allows an annual withdrawal for outreach-related improvements, equipment or programs. The trustees will be meeting the first of April to explore options of making such funds available again this year for such projects. If the trustees decide that funds are available, they are asking that written requests from the congregation (for outreach projects which are not already included in the church annual budget) be submitted by April 30, 2013. The requests will be reviewed by the Trustees who will make recommendations to the Midway Christian Church Board, which will have the final approval of the projects funded.

Thank You for Kayla's Bunk Beds!

Joni Angus (Kayla's mentor) and Carlola Foster (the Wilmore Elementary Family Resource Director) want to thank the Disciples Women of MCC and Ashley Wall DelFavero for their generous contributions for the acquisition of bunk beds for a little girl in Wilmore, KY and her sister, who badly needed them! Ms. Foster says, "What a wonderful blessing! I could in NO WAY meet all the needs in this school without the outside support of friends like you!"
