Pastoral Word

For the last two months, we as Midway Christian Church have been practicing a little R & R:

- Remembering the Sabbath and keeping it Holy
- Resting in the quiet stillness of the presence of God
- Respecting that we are all made in the image of God and called to be united as the Body of Christ
- Releasing what prevents us from being the people God created us to be and the people this world needs us to be
- Reducing the violence and hate that continues to fill our world, creating more brokenness and hurt
- Restoring all as Beloved Children of God who have been made well
- Renewing our connection with God's creation
- Recognizing that we are redeemed by God's grace and love and called to share this same grace and love with others

When I first approached the Board with this Sabbath-Keeping experiment, I shared that it was my hope that we would take this time as a way to reconnect to the presence of God in our midst and become more aware of the Kingdom Work we are called to do as people of faith. And now as the calendar turns to August, we come back from our Sabbath time as a community of faith, renewed, rested, restored, and ready to see where God is calling us next!

In looking forward to our new church year, I feel really good about where we are on our journey as a community of faith. We have embraced our mission of WELCOME and continue to ask, how can we live out this mission more fully? As I have said on several occasions, this is the strongest and healthiest that I can remember Midway Christian Church being during my time of ministry: spiritually, physically, leadership-wise and financially. We are now ready to have some more in-depth transforming conversations about who God is calling us to be and who the world needs us to be. I cannot promise that this part will be easy. It may push us all out of our comfort zones a bit. But in the end, we always have the promise that God is leading us, guiding us on this journey.

If we think back to the apostles as they left to spread the Gospel message, their journeys were never straightforward. Their journeys were filled with many twists and turns. More often than not, the disciples ended up in unexpected places, meeting new people, experiencing God's presence in life-changing ways.

It is hard to believe that this month, I celebrate ten years of ministry with Midway Christian Church. It is amazing to think how far we have come as a community of faith together. I can remember some of my first few days thinking to myself, "God, are you sure I'm the right leader for this congregation?" because the task of transformation seemed so daunting. But I would always hear as a response to my question, "Be Still and Know that I am God."

The journey to this visioning point for us as Midway Christian Church has been filled with ups and downs. But more importantly, it was and continues to be always filled with God's grace.

As we look to the future with eyes of faith and wonder what God has in store for us as Midway Christian Church, we may not have all the answers at this point. But one thing I do know is that I am constantly amazed and thankful that God continues to surprise us and invite us to respond to the call of being people of WELCOME.

Sponsor a Tree

Planting trees near the Equator provides greater results for carbon offsets because the trees far exceed growth rates of trees grown in North America and Europe. This helps poor communities stop deforestation and keeps rain forests standing while regenerating dead soils, rebuilding habitats and protecting water sources. ACCT (Association Community Carbon Trees) is committed to planting a broadly diverse selection of trees, designed to provide food and homes for animals and birds, protect water sources and river borders, control erosion, enrich soils with nitrogen and other nutrients, and produce medicine and forest products, including rare hardwood and softwood lumber. To sponsor the planting and care of a tree, visit www.communitycarbontrees.org.

Our News Runneth Over...

Message from Dayton Harris

My teammates Katie and Mike and I are preparing to spend the majority of August and September in the United States.

During this general academic break here, when most of the students travel back to their homes, we will travel to update and connect with our supporters, participate in the wedding of some dear friends, and of course spend some quality time with our families. I also intend to finish a course as part of my own theological development, and I plan to work to develop some written materials to aid our students in communicating about Jesus.

We will return to Senegal at the start of October.

I hope to see as many of you as possible between August 10th and October 4th!

New President & CEO of Christian Care Communities

The Board of Directors of Christian Care Communities is delighted to announce the appointment of Mary Lynn Spalding as the organization's next President & Chief Executive Officer, effective July 16, 2016.

Dr. Keith Knapp, who has served in that role since 2009, is joining the faculty of Bellarmine University to establish a new academic program in health services and senior living leadership.

Mrs. Spalding has over 25 years of experience in older adult services, and she was elected by her peers to chair the board for the Kentucky Home Care Association. She has served as Vice President of Innovation and Growth and Chief Operating Officer at CCC, and she has connected wonderfully with the people they serve, volunteers, vendors, regulators and peers in the field of senior living.

Thank You from Jo Rawlings' Family

"Friends at Midway Christian Church,

Thank you so much for the food you prepared for our mother's service. Bringing the food to her home, although harder on you we know, was much appreciated. Mom's house has always been one for large gatherings of family and friends, so it was important for us to open her house to all. You made it possible. The food was delicious and beautifully presented. We were lucky to have a few leftovers! Midway Christian Church has always been warm and welcoming and even though I have been away for many years, it is still the same. Thank you for your thoughtfulness at this difficult time for our family.

Sincerely, Jane (& Julie, Paul, & Greg Rawlings)"
